RE: SWOP4G Traffic Paint Bid

Ms. Porter,

Thank you for the work that you put into preparing the Request for Bid for Traffic Paint. You supplied all the information that was requested in a very timely and neat fashion.

The County chose the vendor by the lowest and best bid evaluation, which is the standard. Your bid was one of the selected, as the bidder whom best represented the standard.

The SWOP4G organization appreciates your effort and looks forward to doing business with you. Your submitted bid will serve as the necessary information to set up a price agreement and therefore will act as a binding contract. Your submitted prices will be considered fixed for a one (1)-year term, active June 1, 2010 through May 31, 2011. At the end of the initial contract, a one (1)-year time extension may be offered to your company.

I will be getting the information out to the member of the SWOP4G organization so that they are aware of the available resource you have provided to them. Please remember fill out any necessary forms or sign-in sheets as needed by each member entity as you set up accounts. Provided to you is a list of member entities and contacts in order to set up your accounts and schedule.

If I can offer you further assistance, you can reach me at 937-225-6391.

Regards,

Melissa Wilson, CPPB
Associate Buyer
